BakeMax BMTXA Semi-Auto Press

The BakeMax BMTXA commercial air-automatic press comes in two different finishes BMTXA(White) and BMTXA-SS(Stainless Steel). It is the most efficient, durable and easiest way to press tortillas. With the large 16"x20" dual heated platens, you can press, flatten, or par bake 4-6 tortillas in seconds. The BMTXA has a dual push button start, making it the fastest and easiest semi-automatic press in the industry. The bottom platen is lightweight and easily swings out so that you can quickly load and unload. It is also great for pizza dough too!

The BMTXA Dual Heated Platens provide initial grill off for tortillas, improving production speed and time. The BMTXA also aids in dough flow, allowing dough to be pressed straight from the refrigerator.

DIMENSIONS

Width: 18 3/16 inches, 46.2 centimeters

Height: 25-1/8 inches, 63.8 centimeters

Depth: 24-11/16 inches, 62.7 centimeters

WEIGHT

Shipping: 235lbs.
