## BakeMax BMTXW-4025 Tortilla Warmer

What better way to entice the appetite than with the sight and smell of fresh, hot tortillas? Keeping tortillas warm is easy with the BMTXW-4025 Flat Grill. Combined with our tortilla press from BakeMax, it produces a great, fresh tortilla that keeps them coming back for more! Our flat grill warmers provide even heating on the large 40" x 25" surface. Our heating rods are similar to those found in industrial ovens, so they heat quickly, work efficiently, and last longer.

The BMTXW-4025 Flat Grill provides quick heating and even surface warmth. It also features a durable 1" thick heat casting and safety heat guard. This unit requires no skilled labor and has no operational age limitation.
