# Planetary Mixer Capacity Chart

## Mixing Dough & Capacity Information

The moisture content of heavy dough is a critical factor when selecting proper mixing speed. You should never use 2nd speed when mixing heavy dough with an Absorption Ratio (AR) of 50% or less. To determine the Absorption Ratio (AR) of a product, divide the water weight by the flour weight.

### Warehouses:

20 Caribou St, Moncton, NB E1H 0P3  
5705 Valley Belt Rd Independence, OH 44131  
1201 E 27th Terrace Pittsburg, KS 66762

Example: Calculate the Absorption Ratio of a mixture containing 10 lbs. Of flour and 5 lbs. of water.

$$5 / 10 = 0.50 = 50 \% = \text{AR}$$

### Speeds:

- \*1st Speed Only
- \*\*1st Speed & 2nd Speed Only

### Notes:

- \*If using high gluten or rice flour, please reduce capacity by 10%.
- \*If using water colder than 70°F, ice or chilled flour, please reduce capacity by 10%.
- \*Attachment hub should not be used while mixing.
- \*Mixer should be powered off when changing speeds
- \*Mixer must rest for 2-3 minutes after 15-minutes of running.

### Capacity Conversion

- \*1 Gallon of Water Weighs 8.33 lbs.
- \*1 Liter of Water Weighs 1 kg or 2.2 lbs.
- \*1 lb = 0.454 kg / 1 kg = 2.2 lbs.
- \*1 US Liquid Quart = 0.946 Liters

**This chart should be used as a guide only. Type of flour and other factors can vary and may require batch size to be adjusted.**

Due to continuous product improvement, specifications are subject to change without notice.

## Planetary Mixers vs Spiral Mixers

It is very important to fully review your needs when choosing a mixer, as choosing the wrong style or size can slow down the operation of your business. Each mixer has its pros and cons depending on the needs of your application. Here is a list of the main features and benefits of Planetary Mixers vs Spiral Mixers.

**Planetary Mixers**

**All Purpose Mixer** used for whipping, mixing, or beating a wide variety of products.

**Multiple Speed Settings** to accommodate different ingredients - Eggs, Cake Batter, Potatoes, Dough, etc.

**Size Options:** Available in Countertop and Floor Models.

**Bowl Size** is measured in Quarts. We have 7Qt, 12Qt, 20Qt, 30Qt, 40Qt, 60Qt, 80Qt and 120Qt Planetary Mixers.

**Accessories:** These units generally come with an attachment hub to add on accessories like meat grinders, cheese grater and vegetable slicer attachments

**Capacity:** If you plan to use the mixers maximum capacity, please refer to the capacity chart that is provided with the mixer.

**Great for Restaurants, Bakeries, Cafes, Hotels and more.**

**Spiral Mixers**

**Dough Mixer**, great for all kinds of varieties of dough. Pizza, Bagel, Bread, etc.

**Mixer Size** is generally by Flour or Dough weight.

**2 Speed Settings**, which is great for developing your dough.

**First Speed** helps bring the mix together into a consistent mass

**Second Speed** develops the gluten structure of the dough.

**Accessories:** These mixers come with a dough hook and attached bowl. Some models come with a removeable bowl.

**Limitations:** These mixers are only meant for dough and do not come with an accessory hub for attachments.

**Great for Bakeries & Pizza Shops.**

Due to continuous product improvement, specifications are subject to change without notice.

## Dough Molders

The BakeMax BMMDM01 Mini Dough Molder is perfect to produce artisan bread, pretzels, sweet breads, knotted dinner rolls and much more. This moulder will consistently produce uniform bread loaves ranging from 30 – 280 grams / 1.05 – 9.88 oz and can produce up to 2000 pcs / hour.

### Features:

- Heavy-Duty Construction for Durability and Longevity
- Suitable for all kinds of Artisan Breads, Pretzels, Sweet Breads, Knotted Dinner Rolls and much more.
- Consistently Produces Uniform Bread Loaves Ranging from 30 – 280 grams (1.05 – 9.88 oz)
- Conveyor Belt Width: 11.8"
- Easy Single Person Operation
- Does Not Require any Molding Plates
- Movable Flour Box to Prevent Dough from Sticking
- Hinged-Cover for Easy Cleaning and Maintenance
- Exterior Dimensions (WDH): 54" x 27" x 43"
- 110V / 15A / 750W / 60Hz / 1Ph / Hard Wired
- Net Weight: 440 lbs.
- Crated Dimensions (WDH): 57" x 38" x 48"
- Shipping Weight: 617 lbs.
- 1-Year Limited Warranty

The BakeMax BMFBM01 French Bread Molder is perfect to produce baguettes, finger rollers, long-loaves, petit pans, hot dog buns and various other sized breads. The BMFBM01 sheets through a series of three rollers and the progressive extension of the loaf is accomplished between two conveyor belts running in the opposite direction at varying speeds. This allows for gentle dough handling and a "hand-made" effect. This moulder will consistently produce uniform bread loaves ranging from 50 – 1000 grams / 1.76 – 35.3 oz and can produce up to 3000 pcs / hour.

### Features:

- Suitable for all kinds of Bread; including Sub Rolls, Hot Dog Buns, and French Bread
- Consistently Produces Uniform Bread Loaves Every Time
- Mounted on a Stand with Locking Casters
- Adjustable Molding Thickness is Easily and Accurately Controlled
- Three Roller Design at Opening: the third auxiliary roller makes the dough easy to enter and ensures quality of the shape is even
- Electrical: 220V / 7A / 750W / 60Hz / 3Ph / Hard Wired
- Product Specifications (WDH): 39" x 35" x 61" – 505lbs.
- Shipping Specifications (WDH): 50" x 35" x 41" – 720lbs.
- 1-Year Limited Warranty

## Automatic Dough Ball Rounders

Streamline your dough prep with BakeMax Dough Ball Rounders, designed to handle a rounding range from 30 to 1200g quickly and effortlessly. Ideal for bakeries and pizza shops, our rounders deliver consistent, strain-free results and pair seamlessly with the BMCCD01 Continuous Dough Divider for maximum efficiency. Whatever your production needs, BakeMax has the perfect solution.

### BMDBR01 Features:

- Portions Ranging from 1.05 - 10.6oz (30g - 300g)
- Comes with Three Interchangeable Heads
- Constructed with a 304-carbon steel with white epoxy finish.
- Includes 3 interchangeable heads for adjustable rounding ranges:
  - Small: 1.05 oz – 3.5 oz (30g - 99.2g)
  - Medium: 3.5 oz – 7 oz (99.2g – 198g)
  - Large: 7 oz – 10.6 oz (198.4g – 300g)
- Output: Up to 1,200 pcs / hour
- 1-Year Limited Warranty

### BMDBR02 Features:

- Sturdy and durable, built with high-quality materials for long-lasting performance in commercial kitchens or bakeries
- Handles portion sizes from 1.05 to 12.5 oz (30–350g) at 700–900 pieces/hour.
- Customizable stroke, rotation, and oscillation for precise dough texture.
- Ensures consistent, reliable performance with advanced technology for professionals and beginners.
- Ideal for rustic, rye, sourdough, multigrain, and specialty breads with enhanced proofing.
- Meticulous molding creates a unique seam, adding a touch of craftsmanship to the final product.
- 1-Year Limited Warranty

## High Hydration Dough Ball Rounder (65-78%)

Due to its consistency, soft dough is always difficult to work with, the BakeMax BMDBR30 can easily solve this problem.

### Features:

- Constructed of High-Quality Stainless Steel and Anodized Aluminum
- Rounds pizza and some types of bread high hydrated dough (from approx. 65 to 78%)
- Only rounder on the market without any need to change parts or accessories for different portion sizes
- Production: Up to 3000 dough balls per hour
- Open operation concept guarantees a continuous visual that eliminates any possibility or mechanical jam, also allows for an easier and more accurate cleaning.
- Saves Time and Labor with its Automaticity
- Product Dims (WDH): 18.2" x 46.5" x 13.4" – 104lbs.
- Shipping Dims (WDH): 24" x 52" x 20.5" – 144lbs.
- 115V / 7A / 370W / 60Hz / 1Ph / Plug & Go 5-15P
- 2-Year Limited Warranty

## High Hydration Floor Divider Rounder Combo (65-78%)

The BakeMax BMDDM24 Divider Rounder Combo is composed of one dough divider and one BMDBR30 dough rounder and is made to be completely automatic. It prepares a large amount of high hydrated dough into round and perfectly closed dough portions.

### Features:

- Constructed of High-Quality Thick Stainless-Steel
- Removable 66lbs. Dough Hopper
- Cuts and rounds pizza and some types of bread high hydrated dough (from approx. 65 to 78%) automatically producing round portions perfectly closed, ready to rise.
- High hourly production volume: up to 250 kg per hour
- Completely Automatic Saving Time and Labor
- Photocell Measuring for Precision Cutting
- Dividing Range: 280 to 550 grams (9.9 - 19.4 oz)
- Rounding Range: 70 to 600 grams (2.5 – 21.1 oz)
- 115V / 8A / 920W / 60Hz / 1Ph / Plug and Go 5-15P
- Product Dimensions (WDH): 28.4" x 56" x 56.3" – 351lbs.

## Manual Tortilla Presses

The BakeMax economy tortilla presses are designed for low to medium production volumes. These manual tortilla presses increase production & are great for either flour or corn tortillas and flat breads.

Intertek

**BMTXM15**

The BMTXM20 is fast, safe, simple, and mess free. The 16" x 20" platen can make up to six tortillas at once. The BMTXM20 is a clam-shell design with both upper and lower heated platens. This unit has a temperature range from 0-450°F.

The BMTXM15 features 15" x 15" platens capable of making four tortillas at once. The BMTXM15 is a swing-away design with upper and lower heated platens. This unit has a temperature range from 0-400°F.

**BMTXM20**

## Manual Meat Presses

Good chefs know the value of a perfect paillard—thin, even cuts that cook quickly and cover more of the plate. Before, it meant messy, inconsistent pounding. Now, with our Meat Presses, it's as easy as pulling a handle. Fast, efficient, and easy to use, they boost production without sacrificing quality.

## Soft Crusted Bread Slicer

The BakeMax BMGF Series Bread Slicer is a reliable high-quality tabletop slicer that can be used for continuous operation. Great for all types of soft crust breads and suitable Bakeries, Supermarkets, Hotels, Restaurants and more. Includes Last Loaf Pusher and Bread Bagger.

### Features:

- Attractive Space Saving Countertop Design
- Gravity Feed Chute can hold Multiple Loaves at a time
- Capable of Slicing Bread up to 15" wide and 6" high
- Last Loaf Pusher keeps hands clear from Cutting Blades
- Includes a Bagging Scoop bags bread with ease
- High Quality Slicing Blades
- Six Slice Thicknesses Available (7/16", 1/2", 9/16", 5/8", 3/4" and 1")
- 1-Year Limited Warranty

### Technical Specifications:

- Exterior Dimensions (WDH): 30" x 26" x 32"
- Electrical: 120V / 190W / 60Hz / 1Ph
- Plug & Go 5-15P Plug
- Product Weight: 165 lbs.

### Shipping Specifications:

- Crated Dimensions (WDH): 31" x 27" x 34"
- Crated Weight: 200 lbs.

## Artisan Safety Bread Slicer

The BakeMax BMSS001 Artisan Safety Bread Slicer is a durable, high-quality tabletop slicer built for continuous use. It features an interlocked safety guard and spring-loaded loaf pusher for safe operation, driven by a 1/2 HP motor. Ideal for hard-crust breads, it's perfect for bakeries, supermarkets, hotels, and restaurants. Includes a packing shelf, crumb drawer, last loaf pusher, and bread bagger.

### Features:

- Slices up to 120 loaves of bread per hour
- 5/8" Slicing Thickness
- Safety Guard Closes Automatically when the operating handle is in use
- Capable of Slicing Bread up to 15" wide and 6" high
- Meets All Quebec Safety Standards
- Electrical: 120V / 375W / 8A / 60Hz / 1Ph
- Plug & Go Nema 5-15P Plug
- Product Weight: 253lbs.
- Crated Weight: 310lbs.
- Product Dimensions (DWH): 30" x 28.5" x 32.75"
- Shipping Dimensions (WDH): 40" x 40" x 41"
- 1-Year Limited Warranty

## Artisan Stone Deck Ovens

The BakeMax Electric Artisan Stone Deck Oven are European in design and performance. The ovens are designed for high volume baking, pizza, and all-purpose operations. Unique in both design and technology, our ovens are not only an excellent baking solution but also offer a contemporary style serving as a centerpiece for today's high-end baking industry. Its versatility makes it suitable for a wide range of products. This modular oven is suitable for any production capacity; the number of decks can be gradually increased as your business grows. Available in pan widths ranging from one through four pans wide and up to four decks high. Optional proofers and storage cabinets available for the one, two and three pan wide ovens.

Two Pan Wide Deck Oven  
with Proofer

### Efficient Timers:

- 99-minute digital timers with LED display and continuous ring alarm, controlled by convenient rocker switches.

### Illumination and Moisture Control:

- Chamber oven light controlled by rocker switches.
- Moisture control dampers for customized cooking conditions.

### Crunchy Bottom Crust:

- Includes a stone hearth for a crispier bottom crust and a more golden-brown finish. The stone decks are designed to eliminate thermal expansion issues.

### Smart Steam Generation:

- Compartment Steam Generator above heating elements absorbs and recycles upward heat, generating strong steam without consuming extra electric power for rapid recovery.

### Optimal Heat Distribution:

- Independent, operator-controlled top and bottom heating elements ensure uniform heat distribution.
- Digital thermostats for top and bottom elements offer infinite adjustments, providing optimal thermal conditions for various baking needs.

### Robust Construction:

- Crafted with a durable stainless steel front exterior and a high-grade steel chamber for lasting performance.
- Fully insulated with rock wool to prevent heat loss and ensure superior efficiency.

### Customizable Decks:

- Separate steel decks, providing flexibility to add or remove decks based on your business requirements.

### Visibility and Appeal:

- Adjustable doors with large tempered glass windows for a clear view of cooking products, creating an attractive selling point for customers.

### User-Friendly Controls:

- Power on-off rocker switch for each deck.
- Digital temperature controllers with LED display and temperature-ready indicators for precise control.

### Advanced Temperature Management:

- Sensitive K-type thermocouple sensors for accurate temperature readings.
- Maximum baking temperature of 600°F

### Spacious Interior:

- Accommodates 18" x 26" Full-Size Pans

Due to continuous product improvement, specifications are subject to change without notice.

## BakeMax America Radiant Gas Charbroiler

A Charbroiler is essential for any establishment that wants to feature smoky, char-grilled flavors on their menu. The Charbroiler design directs juices evolved during the cooking process downward onto the radiant, resulting in searing flames and enhanced smoke flavors. Perfect to cook meats, vegetables and more.

Model # BACGG24-4

### Optimal Heat Distribution:

- Heavy-duty radiant system ensures even and efficient heat distribution.

### Adaptable Grate Design:

- Heavy-duty reversible cast iron grates accommodate a variety of products.

### Flare-Up Control:

- Angled heavy-duty cast-iron top grates effectively control flare-ups.

### Ease of Cleaning:

- Individually removable radiant for effortless and convenient cleaning.

### Effortless Ignition:

- Easy light pilot located conveniently at the side of each burner.

### Precise Burner Control:

- Individually controlled enameled stainless-steel burners placed every 6", offering maximum output, flexibility, and low maintenance.

### Selective Use Capability:

- Manual gas control valve for each burner allows the use of select burners.

### Efficient Grease Management:

- Enameled grease tray with a full width catch tray funnels into a removable pan for easy cleaning.

### Warranty:

- 2-Year Limited Warranty

# Cooking Equipment

## Greaseless Commercial Hot Air Fryer

The BakeMax BMSGF Series Air Fryer uses a combination of forced hot air, radiant heat, and an elevated perforated cooking basket to prepare frozen foods to the taste and texture as if they were deep fried. Crispy on the outside and moist and tender on the inside! Ideal for start-up businesses, bars and clubs, family entertainment centers, delicatessens, snack stands, and others who wish to prepare and serve portable restaurant quality menu items at a fraction of the cost of building a commercial kitchen.

### Features:

- Capacity: 2lbs. per batch
- LCD Color Touch Screen Display – Create and Edit up to 15 different recipes with names, times, and temperatures.
- Simple and easy to operate you don't need a culinary trained chef or cook to produce crispy and delicious menu items!
- Greaseless Fryers are healthier with 20% to 40% less fat compared to deep-fat frying and without the mess and hazards of using hot grease. Also faster, 30-40% faster (on average) than a convection oven!
- No Vented Hood System Needed
- 1-Year Limited Warranty

### Electrical Options

- The 120V 2200W Model # **BMSGF202** requires a dedicated 20A circuit and utilizes a 20A plug, NEMA 5-20P. It takes approximately 6 1/2 minutes to warm up from room temperature to 420°F.
- The dual voltage 208V/240V 4326W Model # **BMSGF203** utilizes a single phase, 4-wire, 30A plug, NEMA #14-30P. It takes approximately 1.5 to 2.5 minutes to warmup from room temperature to 420°F, depending on the input voltage. Since the pre-warm is so quick with this model, it provides the operator with “Cook to Order” capabilities.

### Technical Specifications (W x D x H):

- External Dimensions: 21” x 20” x 13.5”
- Cooking Basket: 12” x 12” x 2”

### Shipping Specifications ( W x D x H):

- Crated Dimensions: 26” x 26” x 19”
- Crated Weight: 70lbs.

Due to continuous product improvement, specifications are subject to change without notice.

## Greaseless Commercial Hot Air Fryers

The BakeMax BMSGF5 and BMDGF5 (Double Stacked) uses a combination of forced hot air, radiant heat, and an elevated perforated cooking basket to prepare frozen foods to the taste and texture as if they were deep fried. Crispy on the outside and moist and tender on the inside!

**Model BMDGF5  
Double Stacked**

### Features:

- Capacity: 5lbs. per batch
- LCD Color Touch Screen Display – Create and Edit up to 15 different recipes with menu names, times, and temperatures.
- Simple and easy to operate you don't need a culinary trained chef or cook to produce crispy and delicious menu items!
- Greaseless Fryers are healthier with 20% to 40% less fat compared to deep-fat frying and without the mess and hazards of using hot grease.
- Cooks 30% to 40% faster than convection ovens without the mess and hazards of using hot grease!
- No Vented Hood System Needed
- Prepares French fries, egg rolls, corn dogs, chicken tenders, tacos and other "fried foods;" Grills up to 50 hot dogs in 5 minutes; Bakes pizzas, pretzels, and hot sandwiches!
- 1-Year Limited Warranty

### Electrical Options (Single Phase, 50/60Hz)

- 208V / 29A / 5760W / Nema 6-30R Plug
- 240V / 24A / 5750W / Nema 6-30R Plug

### Technical Specifications (W x D x H):

# Cooking Equipment

## Greaseless Commercial Hot Air Fryers

The BakeMax BMSRAF and BMDRAF (Double Stacked) uses dual heating elements to produce a combination of forced hot air and radiant heat. With elevated perforated cooking basket, prepares frozen foods to the taste and texture as if they were deep fried. The BMSRAF can now cook at temperatures up to 525° F, which results in cooking times that are comparable to deep-fat fryers for french fries and other delicious menu items. Prepare and serve menu items that are crispy on the outside and moist and juicy on the inside, without the mess and hazards of hot grease!

Model BMDRAF

- **Unsurpassed Versatility** – Prepares french fries, chicken tenders, tacos and more; Grills up to 50 hot dogs in just 4 minutes; Bakes Pizzas, Flatbreads, Pretzels, and hot sandwiches in just 2 to 4 minutes!
- **Increased Speed of Service** – Prepares frozen French fries in less than 3 ½ minutes!
- **No Exhaust Vents Required** – Uses both a heated catalytic converter, and a two-stage air filtration system!
- **Offer Healthier Foods** – Greaseless Fryers are healthier with 20% to 40% less fat compared to deep-fat frying and without the mess and hazards of using hot grease.
- **Easy to Program** – Smart Phone Style Touch Screen allows you to create and edit up to 108 recipes with menu names, times, and temperatures.
- **Hold & Reheat** – Twice the holding times compared to deep fat fried menu items – (important for takeout orders). Reheat menu items in 90 seconds or less during rush periods!
- 1-Year Limited Warranty

### Electrical Options (Single Phase, 50/60Hz)

- 208V / 29A / 5760W / Nema 6-30R
- 240V / 24A / 5750W / Nema 6-30R

- Packaged Weight: 162lbs. / 73kg

Model BMREF35

Think Quality - Think Value - Think Service - Think BakeMax

# Warranty & Service

BakeMax provides a 1-Year Limited Parts and Labor Warranty on most items, there are select items which carry a Limited 2-Year Warranty. Extended Warranty is available on some products. Please contact us for details. The Warranty is not transferable and is limited to original installation of equipment sold by BakeMax for the original user.

For all Warranty Claims, Proof of Purchase and/or Serial Number is required. Once the machine is approved, BakeMax will provide our customers with on-site Warranty Coverage on all equipment more than 100lbs. BakeMax assumes no responsibility for down time or loss of product. Repairs must be Pre-Authorized by BakeMax and have a Service Authorization Number issued prior to commencing Warranty Service.

Warranty begins 10-Days after shipping from warehouse; delays in installation which would extend the Warranty must be Approved. All equipment must be installed and connected by Qualified Professionals in accordance with the Manual Specification. Products shipped are to be inspected at time of delivery, the receiver is responsible for inspection.

Any abuse or improper use of the equipment will void the warranty. This includes failure to follow all cleaning instructions, improper installation, improper maintenance, failure to follow capacity charts, improperly wired electrical connections. The Warranty does not apply to abuse, willful or accidental damage, or to products used for other than their intended purpose. Normal wear parts such as Accessories, Attachments, or Electrical Components such as Fuses, Bulbs, Elements, and Switches carry a 90-Day Warranty only.

Bench Warranty (Machines Weighing 100 lb. or less):

Once the machine is Approved for Warranty Service, if the machine requires Warranty work in less than 30 days of purchase date, BakeMax will pay all shipping charges. Once the machine is received and repaired it will be returned to the user at BakeMax expense. Freight Damages during return shipping is the responsibility of the owner of the machine.

The following is not covered under the BakeMax Warranty:

1. Overtime Labor Rates are not covered by BakeMax.
2. All parts will be shipped via Ground Courier only; If Express Shipping is required, it will be the responsibility of the Customer or Dealer.
3. Travel for Warranty Service is covered up to 100 Miles / 160 Km Roundtrip, any further mileage will be the responsibility of the Customer or Dealer.
4. There is no on-site Warranty Service for Residential Addresses or addresses outside of the contiguous United States (*Lower 48*) or *Canadian Provinces*

\*\*Machines sold outside of the contiguous United States (*Lower 48*), or Canadian Provinces will carry 1-Year Parts Warranty only.

# Terms & Conditions

## Terms

Net 15 days subject to Credit Approval. All past due Accounts are subject to 2% per month Service Charge as per Credit Application. We accept Visa, MasterCard, and Discover Credit Cards. We also accept E-Transfer & Wire Transfer; additional fees may apply.

## Pricing

All prices are subject to change without notice. All prices are Sales Tax Extra. BakeMax products are sold in Canadian and US Dollars. BakeMax is not responsible for specifications errors or printing errors.

## Shipping
